Mobile Absorber Walls

An ideal solution for various test setups, including circular ones, and can be stored outside the chamber.

We offer standard and custom dimensions, absorber wall connections and walls with adjustable heights.

The walls arrive as a self-assembly kit with clear installation instructions.

Dimensions (W x H x D):
1.2 x 2.5 x 0.85 m

Part Number	Absorbers Model	Frequency Range
AT4-MT25-EC	4 x MT25 with white end caps	1-18 GHz
